IM painting was excellent. This was the second time I used them to paint the interior of my home. Very professional staff and the painting was impeccable. The price was very fair. They completed the project on schedule. I would definitely recommend IM painting to friends and family and use again in the future.

They did do everything they said they would do. There were a few things that needed to be changed and they did make sure we were happy in the end. They were very accommodating to my schedule also.

The overall quality is good. However, if they drop the price some then they would attract more customers. Keep up the good work.
