I meet with Kevin in August 2018 and my roof wasn't finished until March 2019, it took them way too long to replace the roof on my home. Also Kevin took pictures of my driveway just in case when the dumpster was delivered and picked up that the truck might crack my driveway, well sure enough the truck picking up the dumpster cracked my driveway in three different locations the person I spoke with was Carol Hannigan with Oak Crest her reply was "she was struggling to get a quote from 4 different company's with no response. You do know that we did not cause all the damage shown in the photos that you sent to me, I can offer you \$500 credit toward the work" My driveway did not look like that before your company started the work and after 7 months to finish my roof I was ready to be done with this.

Kaylee St Johns stayed involved with me until the roof replacement was complete, and explained every detail of what I was to expect along each step of the process. I was very impressed and satisfied with her involvement. I suggested a neighbor consider Oak Crest Roofing and they also had their roof replaced by Oak Crest thanks to Kaylee St Johns.

Great job! Very very professional! Thanks to all that was involved in my Roofing replacement. I would recommend and use this company again and again. The management and workers were very kind. After completion of the job, these guys took their time in making sure that the area was clean. I appreciate this. In closing, I once again apologize for hastily writing a review out of pure frustration. Four star? No way!!! Let's go with eight BIG stars JOB WELL DONE! Thank you.

I had heard many horror stories about people and their dealing with roofing companies. Through out the whole process I worried that I too my become a casualty of a scam. To my great astonishment that was not the case. I only had to pay my deductible and nothing more. I would recommend this company to everyone.

I was generally satisfied except for them throwing the trash off the roof like they did. They also dropped my satellite dish, which cost me \$100 from them dropping it to be replaced. They ruined the gutters I had. I previously removed them. Then they came a day earlier than they said, and I didn't have a chance to remove the gutters. They got there and started stripping the roof off, and they threw the old shingles on the gutters.

CJ went above and beyond. I could not have expected or received better quality or better communications. I would recommend this company and their people to anyone. Our HOA publishes a list of preferred vendors to our residents and CJ and Oak Crest Roofing is now a part of that document.

The only issue I had was there was damage done to my ceiling in my bedroom, the lanai, and my gutter spout. It was corrected to satisfaction but it just took a long time to get it done. I felt like it should have been done in a more timely fashion.
